Life is opportunity

Life begins at conception.
Your soul is your life essence.
Your soul can become immortal.
After death, your soul can
return to life in another body.

Reincarnation gives your
soul the opportunity to evolve
by learning the lessons of love
through many different life
experiences and by
balancing your karma—
paying your debts to
anyone you've wronged.

Abortion denies a soul the opportunity
to be in the right place, at the right time,
with the right people.

Abortion denies a soul its right to
evolve and fulfill its divine plan.
